

Integralis Partnership Options

Integralis, the international student organization for the bachelor's Programme in Science at the University of Helsinki, is happy to present our partnership options. With approximately 175 members enrolled in computer science, mathematics, physics, and chemistry, Integralis is proud to be a hub of academic excellence and cultural diversity. Our members come from over 40 countries and six continents, allowing us to foster a global perspective within the academic community. Integralis welcomes you to explore our partnership opportunities, creating mutually beneficial collaborations that support your organization's growth and mission. Join us in shaping the future of the University of Helsinki's international community.

Benefit Explanations

Official Partner:

With all our offerings, your company will earn visibility from our members and stakeholders as we list you as an official partner on all our communication channels: our Telegram, our Instagram, and our website.

Talent Recruitment:

As an official Partner, your company will be able to engage with our members by posting job opportunities and other offerings through all the Integralis communication channels, including:

1. The Integralis Telegram job channel
2. Integralis official Mailing lists
3. Integralis social media page on Instagram

Company Excursion:

In packages 2 and 3, Integralis will collaborate with your company to create a company excursion for our members.

At the company excursion, you can present your company, discuss available opportunities at your company, and offer a case study for our members to challenge.

This company excursion can be at your premises, organised at a University of Helsinki facility or online, whichever is most convenient for you!

Event Cooperation:

With event cooperation, Integralis will collaborate with your company to host an Integralis-led event to boost your engagement with our members.

This will be done before the event through event advertising, and during the event through a representative (an employee of your company or Integralis proxy) will increase awareness of your company's opportunities and offers. Example events include:

1. Sitsits
2. Parties
3. Integralis Excursions (such as water park, laser tag, rock climbing excursions)

Vujut Cooperation:

In 2024, Integralis is hosting our fifth-anniversary ball. With the Vujut Cooperation benefit, we look to increase your brand awareness among our members at this celebration!

With this benefit, an Integralis representative will work with you to create the best possible representation.

Examples of what we can do include:

1. Including your logo on the cover of all the Vujut name cards and songbooks
2. Tagging all beverages with your logo and giving company mentions during food announcements.
3. Providing speech opportunities for your representatives, logo placement on event posters and photo walls, and the option to display your company banner at the event venue (if available).

Overalls Sponsorship

Single colour black or white prints:

- Small Ad = 300 €
- Medium Ad = 500 €
- Large Ad = 750 €

Multi colour print:

- Small Ad = 430 €
- Medium Ad = 680 €
- Large Ad = 930 €

Each year we sell about 50 overalls to our freshers and interested master students.
